

Food Safety Training When Required

All food operations must have:

- ♦ At least one food employee **per shift** who is identified as the Person In Charge with either PIC or ServSafe (or the equivalent).

As of March 1, 2017, all facilities licensed as a Risk Class III or Risk Class IV must have:

- ♦ At least one management level employee **on staff** who is trained in a Level II Food Safety course (15 hour approved course - ServSafe™)

For more information on upcoming Level I and Level II Food Safety Training courses offered by the Cuyahoga County Board of Health, visit: www.ccbh.net

To confirm that your Level II certification has been verified by the Ohio Department of Health OR to have current a certificate verified, visit:
