- Possess organizational skills and the ability to track work related assignments, activities, and other items related to the position.
- Ability to keep accurate reports and records and forward appropriate documents to the Board of Health to meet all required timelines.
- Ability to work independently and overcome challenges, address conflicts appropriately, and solve problems that may arise.

Primary Functions:

- Enforce sections 4101:3-1 to 4101:3-13 of the Ohio Administrative Code (commonly referred to as the “Ohio Plumbing Code”), all relevant sections of the Ohio Revised Code, and the Cuyahoga County Board of Health Plumbing Regulation.
- Perform all required inspections on commercial and residential plumbing installations for enforcement of state and county codes and regulations.
- Perform plumbing plan reviews for commercial and residential plumbing installations for enforcement of state and county codes and regulations.
- Confer with contractors, engineers, architects, property owners, and others regarding plumbing installations, inspections, and plan reviews as necessary. Answer any questions concerning the plumbing code and installations.
- Issue violations and compliance orders for alteration of installations that fail to comply fully with the code.
- Maintain routine contact with the designated representative(s) of the Board of Health in regard to the issuances of permits, the review of plans, the scheduling of inspections and all other program activities.
- Maintain all records and reports to document the status of plumbing installations, inspections, and plan reviews.
- Maintain a log of all inspections, property visits and examinations, plan reviews, and other relevant plumbing program activities performed. The log shall contain sufficient information to determine the Inspector’s activity, status of the project being examined, and approval or disapproval of each inspection. This log shall be submitted to the Board of Health as required. The Inspector shall keep a true and accurate monthly service report detailing the professional services provided for that month. The monthly report shall serve as the Inspector’s invoice for payment of services rendered upon written approval by the Board of Health’s designee.
- Maintain all required state certifications as required by the Ohio Administrative and Revised Codes and provide evidence of such certification to the Board of Health as requested.
- Adhere to any and all Occupational Safety and Health Administration standards relevant to job duties and employ all necessary safety policies and procedures to minimize the potential for accidents or injuries while performing duties associated with this position.
