PURPOSE OF FORUM

- Increase awareness of the field and scope, depth and breadth of a community health worker.
- Help organizations understand how they may benefit from employing/engaging community health workers.
- Explore methods for demonstrating return on investment for community health worker services.
- Increase awareness of (and enrollment in) Tri-C's Community Health Worker program.
- Identify sites, projects, events and activities for Tri-C's Community Health Worker students looking to complete field service hours.

AUDIENCE

Forum is ideal for professionals and organizations with interest in or roles as:

- Community health workers
- Digital literacy professionals
- Health liaisons
- Lay navigators
- Outreach workers
- Public health professionals
- Community resource organizations
- Health care organizations
- Managed care organizations
