## EIHA/HIV Prevention Meeting

October 21, 2019

Ryan White Part A  
Cleveland TGA

# CDPH Staffing updates

- Interim Project Director: Persis Sosiak
- Health Educator: Amanda Bretzin
- Disease Intervention Specialist (DIS) 1: Sonji Deal Mason
- Disease Intervention Specialist (DIS) 1 : Aimee Aki Hulede
- Disease Intervention Specialist (DIS) 1 : Samonn Crockett

# EtHE 4 Pillars

**Diagnose** all people with HIV as early as possible.

**Treat** people with HIV rapidly and effectively to reach sustained viral suppression.

**Prevent** new HIV transmissions by using proven interventions, including pre-exposure prophylaxis (PrEP) and syringe services programs (SSPs).

**Respond** quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

Ryan White Part A  
Cleveland TGA

# End the Epidemic (CDPH)

## **The HIV testing and PrEP arm of the EtHE in CLE**

Goal: Develop a comprehensive assessment of HIV testing in clinical and public health settings to create one unified data system for HIV testing information.

### **Three Specific Aims**

Specific Aim 1: Collect and harmonize HIV testing and PrEP data

Specific Aim 2: Identify best practices for HIV testing and PrEP delivery

Specific Aim 3: Develop a clinical decision support to improve HIV testing and PrEP referrals

Ryan White Part A  
Cleveland TGA

# End the Epidemic (CCBH)

- Ryan White Part A – Applied for Ending the HIV Epidemic – main focus is Pillar 2 Treat and supplement Pillar 4 in Response
- Innovative project – HIV positive diagnosis
- 2 Listening sessions completed with HIV community partners

# End the Epidemic (CCBH)

- Application submitted October 11<sup>th</sup>
- No appropriations designated for recipients – waiting on Federal budget approval
- 12 projects submitted start March 1<sup>st</sup> 2020
- RFP for awards in the future
- Maximum application of \$2 million requested

# Data to Care Overview

- Use of HIV surveillance data to create a Not in Care (NIC list)
- CCBH Part A office is the lead agency on all D2C activities in the 6-county region.
- In February 2019, CDPH, CCBH, and Part A agencies convened and agreed on the D2C Combination Model.

# Data to Care Overview

- CCBH has received the NIC list from ODH and is in the process of reconciling with their Part A database.
- Part A medical providers will attempt to link individuals to care that they had previous contact with.
- CCBH will attempt to link individuals who were never linked to care when diagnosed.

# Where are we in 2019?

- Looking at HIV testing data from **Jan 1-Sept 30, 2019** (CDPH)

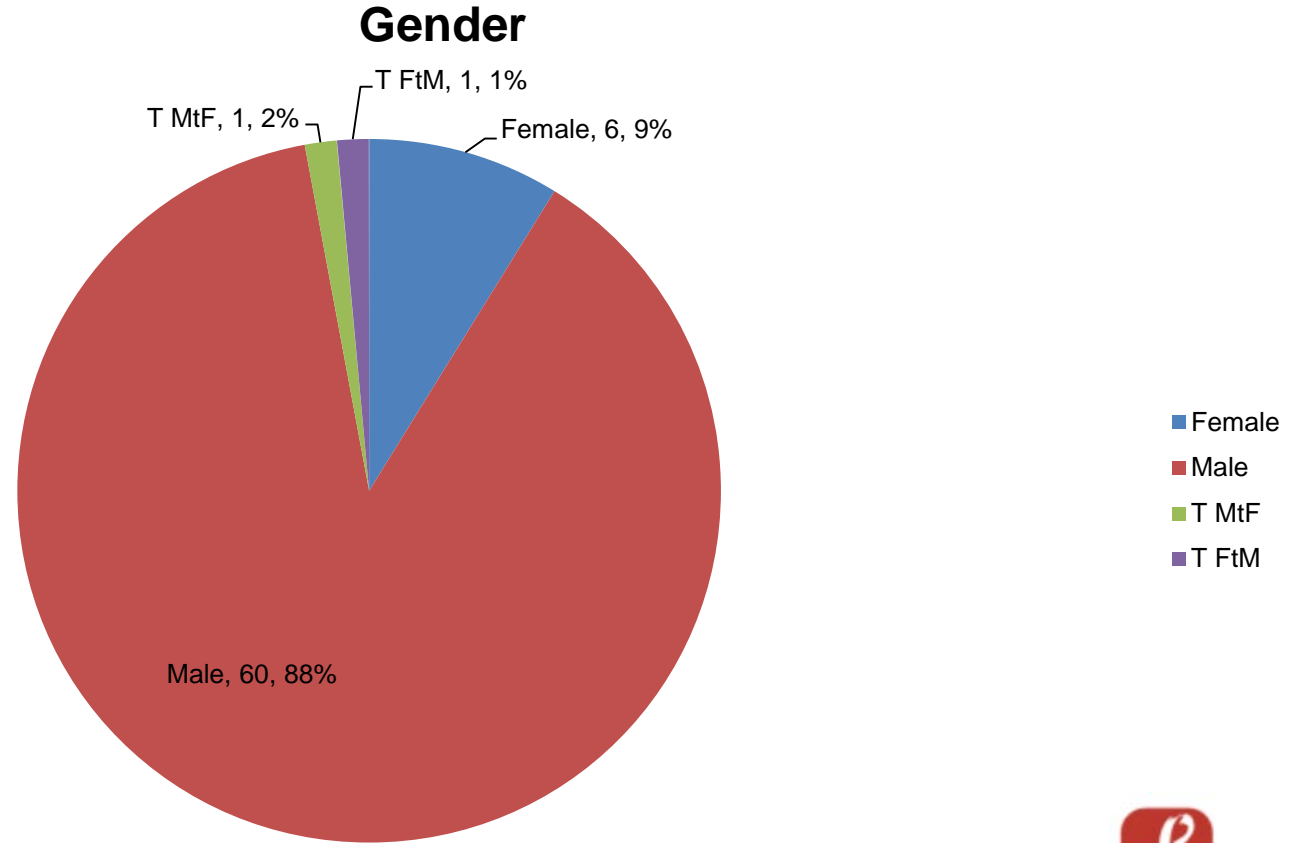

Ryan White Part A  
Cleveland TGA

# Clients Newly Dx in 2019

- 68 clients receiving RW Part A services that were diagnosed between January 1, 2019-September 30, 2019.
- RW Part A payer of last resort
- Clients in CW have provided eligibility documents to complete RW intake
