New/Old Business

Official meeting time began at 12:45 pm following a lengthy conversation focused on a PC member that had not received enough votes from the Executive Committee to be reappointed. The CLC members argued that someone living with HIV was not being judged fairly. Members felt the Executive Committee voted based on their feelings rather than attendance and other factors that should have been considered.

CLC members said from the perspective of PLWH, being HIV+ should be the only and main focus of RW/Planning Council. Members expressed concern about removing a voice from the Planning Council because of a dislike, does not align with the criteria for planning council membership. The Committee requests to re-visit the Bi-Laws with respect to re-appointments and term limits.

- A request to appeal the Executive Committee vote to be presented at the October 16th Executive committee by the CLC co-chair, N. O'Neal.
