#### License

A food vendor is required to make application for a temporary license at least ten (10) days before the start of the event. The application must include a floor plan, list of equipment, a menu, and all pertinent food handling procedures. The temporary food license fee is \$60.00 per day and \$30.00 per day for non-profit operations. Temporary food licenses are issued for a maximum of five (5) days. A sanitarian from the Cuyahoga County Board of Health (CCBH) will deliver the license on the first day of the event when they are on-site to conduct the inspection. Operators selling foods that are not time and temperature controlled for safety (TCS), such as whole fresh fruits and vegetables, commercially pre-packaged foods, commercial beverages, and cottage foods are exempt from licensing. (Some restrictions apply).

#### Food

All food must be from an approved source. Food not prepared on-site at the temporary food operation location shall be prepared in a licensed facility and transported to the temporary site by a method approved by CCBH. Foods shall not be prepared at home. Exceptions include cottage foods and home bakeries.

#### **Food Protection**

- A. All TCS foods shall be maintained at 41°F and below or 135°F and above. Mechanical refrigeration shall be used for overnight storage of all TCS foods.
- B. Frozen foods are to be thawed utilizing acceptable methods.
- C. Foods must be protected at all times. Covers or approved food shields must be utilized for any open or exposed food displays.
- D. Food and food containers shall be stored a minimum of six (6) inches above the floor or ground.
- E. Utensils and non-latex gloves shall be provided and utilized for the transfer, preparation and/or serving of foods.
- F. Provide and use a properly calibrated probe thermometer to verify cooking and holding temperatures.

#### **Equipment, Utensils and Supplies**

Depending on the type of foods, methods of transport, preparation and hot/cold holding, all or some of these items are required:

- A. **Handwashing facilities**. Method will be approved by CCBH based on the type of food and preparation.
- B. Three compartment sink or equivalent (three bucket system).
- C. Sanitizer with test strips [chlorine (bleach 5.25% concentration), quaternary ammonium, or iodine].
- D. **Probe thermometer(s).** For use if handling or preparing TCS foods.
- E. Hot and cold holding equipment (coolers, refrigerators, grills, etc.)
- F. Utensils and disposable non-latex gloves.

#### **Structural Requirements**

If it is determined by CCBH that floors, walls or ceilings are necessary, the materials used must be smooth, impermeable and easy to clean.

#### **Support Facilities**

Water is to be provided from an approved source only.

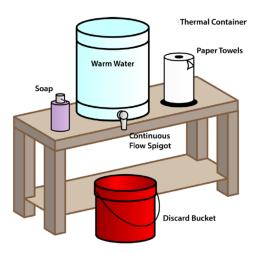

Adequate sewage / wastewater disposal site(s) must be available.

Portable toilet facilities, hand sinks, and garbage/refuse disposal are required.

# CUYAHOGA COUNTY

# BOARD OF HEALTH

## **TEMPORARY FSO CHECKLIST**

#### **Approved Hand Washing**

Each temporary booth is required to have a temporary hand washing station which includes: Warm flowing water, soap, paper towels, and a bucket for waste disposal.

\*Hand sanitizer is <u>NOT</u> to be used as a substitution

<u>ALL</u> foods must come from an approved source. <u>ALL</u> foods are to be prepared at the event or at a licensed kitchen.

\*HOMEMADE FOODS ARE PROHIBITED Exemption: cottage foods and home bakeries

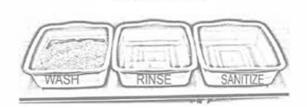

#### **Support Facilities**

Make portable toilet facilities, hand sinks and garbage disposal available for patrons. Water shall be provided by an approved source. All waste water is to be discarded to the sanitary sewer.

\*Dumping grey water in storm drains or on the ground is not an approved form of disposal

# Approved Method for Sanitizing Equipment & Utensils

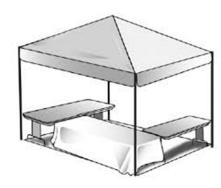

A three compartment sink must be provided to properly wash, rinse and sanitize all equipment (must be able to fit largest piece of equipment.)

\*Approved sanitizers and concentrations: Chlorine 50-99pm, Quaternary ammonium 200-400ppm or lodine 12.5-25ppm

#### **Approved Cooking & Holding Temperatures**

- Cold Holding 41°F & below
- Hot Holding 135°F & above
- Chicken Cooking 165°F
- Ground Beef Cooking 155°F
- Seafood/Roasts/Chops Cooking 145°F
- Fruits and Vegetables Cooking 135°F

#### **Work Space Requirements**

Work surfaces shall be easily cleanable & non-absorbent. Flooring shall be provided if booth is placed in grass. All foods, utensils and equipment must be 6" off of the ground.
