| Recipient Report | Part A Recipient Report – M. Baker | | | | | | | | | | |
|------------------|---|--|--|--|---|--|--|--|--|--|--|
| | We are ending our grant cycle and looking at end of year numbers. This chart shows November 2024, | | | | | | | | | | |
| | with a few December invoices included. We are experiencing high usage in most categories like | | | | | | | | | | |
| | Medical Nutrition, Home Community-Based Health Care Services, Other Professional and Medical Case | | | | | | | | | | |
| | | | | | | | | | | | |
| | Management. Our lower usage is with Emergency Financial Assistance (EFA) and we expect that to | | | | | | | | | | |
| | remain low, as it is only used for emergencies with prescriptions. We are on target with Medical | | | | | | | | | | |
| | Transportation and Early Intervention Services (EIS) in 79.86 usage overall. Last, the rapid Reallocation | | | | | | | | | | |
| | process is upcoming, in which we recap expenditures and review our carryover, although there will not | | | | | | | | | | |
| | likely be one for 2025, as there is not much left to carry over. | | | | | | | | | | |
| | <i>Comment: J. Patterson</i> - In being thankful to be over and above the 75% and looking at the reallocation | | | | | | | | | | |

| | done in November, asking whether moving around has happened on that. <i>Response:</i> M. Baker - This will be more updated in our next report, as a budget amendment has to be done first before changes can be shown. <i>Response:</i> Z. Levar - The totals for reallocation are represented on the spreadsheet, the ones for | | | | | | | | | | |
| | | | | | | | | | | | |
| | | | | | | | | | | | |
| | | | | | | | | | | | |
| | November are now shifted and show on the report. | | | | | | | | | | |
| | | J. Sylvia – In not anticipating carry | • | we update/ | prepare provid | lers for that? | | | | | |
| | | <i>I</i>. Baker – They are familiar with th | | • | | | | | | | |
| | - | | ie process, as | we have pro | Muel meetings | battile | | | | | |
| | | f every grant cycle. | | | | | | | | | |
| | | . Droster- We didn't get carry over | last year beca | iuse HRSA cl | hanged the rule | es, will we still | | | | | |
| | get a carryover? | | | | | | | | | | |
| | <i>Response:</i> M. Baker- We followed through requesting carryover, but not expecting there will be one. | | | | | | | | | | |

| Presentation | PSRA Overview/Timeline – L.J. Sylvia PSRA (Priority Setting & Resources Allocation) is our annual process and the most important activity of Planning Council, as it determines how the Ryan White grant fund is spent. For Priority Setting, the Strategy & Finance Committee leads this process during their meetings in April and May, in which all service categories are ranked. Afterwards, the final ranking is voted on and approved by the full Planning Council at the June, PRSA meeting. For Resource Allocation, this is the process of determining what percentage of funds will go into each service category. This also happen during the June PSRA meeting which will be held on Wednesday, June 18, 2025, from noon to 4:00 pm. For those who want to learn more, or just have questions, please feel free to contact "Lj" at: lisajeansylvia@gmail.com, or 216-264-9858. |
