to be received not to exceed \$1,400.00.

B. Other Contracts

CUYAHOGA COUNTY BOARD OF HEALTH
MINUTES OF THE MEETING – April 22, 2026

Meeting called to order by Dr. Gregory Hall, President of the Board at 9:02 a.m. in the office of the Board, 5550 Venture Drive, Parma, Ohio, on Wednesday, April 22, 2026.

The Secretary called the roll, and the following members were present: Dr. Gregory L. Hall, Mr. Douglas Wang, Dr. Sherrie Williams, and Mr. Daniel Richards, and Ms. Sonja Rajki

The reading of the minutes of the April 1, 2026 (rescheduled from March 25, 2026) regular Board meeting was dispensed with as copies had previously been received by each member. Inasmuch as there were no corrections, it was moved by Mr. Wang, seconded by Mr. Richards, that the minutes be approved. Ayes: All, Nays: None, motion carries.

Public Comments on Agenda Resolutions Only (three-minute maximum) – None.

Review of the Financial Statements. This item was postponed temporarily and taken up later in the meeting. Upon the arrival of Michael Pissini, Director of Finance, the financial statements were reviewed.

Legislative Updates – John Mills, Legal Counsel, stated that The Ohio Pharmacy Board has enacted a ban on the synthetic form of the substance known as Kratom. The status of the natural form remains under review. In parallel, competing bills in both the Ohio House and Senate propose establishing a licensing framework that would permit the sale of natural Kratom through regulated dispensaries.

Committee Reports – None

Approval of Resolutions/Motions:

REGULAR ACTIONS OF THE BOARD:

Melissa Kolenz, Program Supervisor, presented Resolution 2026-030. The proposed funding will primarily support salaries for eight Disease Intervention Specialists and two Program Managers responsible for addressing syphilis and HIV cases.

It was moved by Mr. Wang, seconded by Mr. Richards, that the following RESOLUTION 2026-030 be adopted:

BE IT RESOLVED to Authorize the Health Commissioner to accept the 2026/2027 STI Prevention grant funding from the Ohio Department of Health from March 1, 2026 through February 28, 2027 in the amount not to exceed \$605,278.00. Ayes: All, Nays: None, motion carries.

Martha Halko, Director of Population Health, presented Resolution 2026-031. This resolution represents the first partial funding award to University Hospitals under the Ryan White Part A grant, based on the initial partial allocation received by CCBH from HRSA. The funding will support core medical services and direct support services aimed at improving viral suppression and clinical outcomes, as they relate to social determinants of health.

It was moved by Dr. Williams, seconded by Ms. Rajki, that the following RESOLUTION 2026-031 be adopted:

BE IT RESOLVED to Authorize the Health Commissioner to enter into and execute a contract with the University Hospitals Cleveland Medical Center under the 2026/2027 Ryan White (HIV Emergency Relief) grant from March 1, 2026 through February 28, 2027 in an amount not to exceed \$233,943.00. Ayes: 4, Nays: None, Abstained: Mr. Richards, motion carries.

Martha Halko presented Resolution 2026-032. This resolution represents the first partial funding award to sub-recipients under the Ending the HIV Epidemic–Care grant, based on the initial partial allocation received by CCBH from HRSA. The funding will support linkage and retention to care, core medical services, and direct support services aimed at improving viral suppression.

It was moved by Dr. Williams, seconded by Ms. Rajki, that the following RESOLUTION 2026-032 be adopted:

BE IT RESOLVED to Authorize the Health Commissioner to enter into and execute contracts with the following agencies under the 2026/2027 Ending the HIV Epidemic-Care (EHE Care) grant from March 1, 2026 through February 28, 2027:

AIDS Taskforce of Greater Cleveland	\$ 93,000.00
MetroHealth System	\$ 81,892.00
Signature Health, Inc.	\$ 62,500.00

Ayes: 4, Nays: None, Abstained: Mr. Richards, motion carries.

Joseph McRae, Chief Administrative Officer, presented Resolution 2026-033. This agreement authorizes the replacement of all CCBH desk phones, as the current equipment is beyond its useful life and no longer supported. The agreement provides for the installation of new desk phones as well as the associated technical services and ongoing maintenance.

It was moved by Mr. Wang, seconded by Dr. Williams, that the following RESOLUTION 2026-033 be adopted:

BE IT RESOLVED to Authorize the Health Commissioner to enter into and execute a contract with Tele Solutions, Inc., for managed information technology, network support, and telecommunications services, including phone system upgrade, maintenance, and support in an amount not to exceed \$90,327.60. Ayes: All, Nays: None, motion carries.

Rebecca Burke, Director of Organizational Development, presented Resolution 2026-034. CCBH issued an RFQ for a Strategic Planning consultant, which was posted on the CCBH website for three weeks and distributed to eleven vendors. Five bid quotes were received, and PHSCO was selected as the best and lowest quote. The vendor is based in southwest Ohio, and the Strategic Planning process is scheduled to begin in May.

Ms. Rajki, Board Member and Chair of the Quality Committee, reported that she met with the executive team regarding the vendor selection. She noted that the selected vendor is familiar with the reporting dashboard used for strategic planning and that the proposal was well-tailored to CCBH's needs, reflecting thoughtful consideration in the selection process.

It was moved by Mr. Richards, seconded by Ms. Rajki, that the following RESOLUTION 2026-034 be adopted:

BE IT RESOLVED to Authorize the Health Commissioner to enter into and execute a contract with the Public Health Services Council of Ohio (PHSCO) for strategic planning consultant services and all associated deliverables from May 1, 2026 through October 31, 2026 in an amount not to exceed \$28,415.00. Ayes: All, Nays: None, motion carries.

BOARD ORDERS, RULES, FEES OR REGULATIONS

It was moved by Dr. Hall, seconded by Mr. Wang, that the following RESOLUTION 2026-027 be tabled:

BE IT RESOLVED Whether to suspend or revoke food operator's license for Ohio Teahouse, Inc. DBA Sacred Waters Kava Bar. Ayes: All, Nays: None, motion carries.

FIRST READING:

None

SECOND READING:

RESOLUTION (2026-028) To amend the CCBH Provider Fees for clinical services effective June 1, 2026 (ref. enclosed).

THIRD READING:

None

It was moved by Dr. Hall, seconded by Ms. Rajki, that the following RESOLUTION 2026-035 be adopted:

BE IT RESOLVED that approval be given of the Consent Agenda as set forth in the attached schedules:

- Schedule A Appropriation Measures.
- Schedule B Cash Transfers.
- Schedule C Routine Personnel Actions.
- Schedule D Employee Training and Travel Expenses.
- Schedule E CRC Report and Other Contracts.

Ayes: All, Nays: None, motion carries.

Reports and Presentations

Infectious Disease Update

Blaise Soberano, Communicable Disease Investigator, presented the Infectious Disease Update. Full Report attached.

Following Mr. Soberano's infectious disease update, the Board engaged in a discussion regarding the newly introduced school vaccine dashboard. In response to a question from Ms. Rajki, Mr. Soberano confirmed that this is the first time such dashboard information has been available. Dr. Williams asked whether gaps in reporting were due to schools not submitting data

or parents not obtaining vaccinations, and emphasized the importance of encouraging parents to understand their school's reporting practices.

Dr. Ganesh noted that CCBH typically does not encounter resistance to required vaccines, including MMR, but more often receives pushback on non-required vaccines. Ms. Rush added that efforts at the state level to broaden vaccine exemptions may lead to increased refusal and hesitancy.

Presentation for 2026: Complex Medical Help Program.

Katherine Birdsell, Program Supervisor, gave a presentation on the Complex Medical Help program.

Following the presentation by Kate Birdsell on the Complex Medical Help program (formerly the Children with Medical Handicaps program), the Board engaged in a discussion regarding program funding, eligibility, access, and opportunities for expansion. In response to questions from Mr. Wang, Ms. Birdsell explained that the program is funded by the Ohio Department of Health and that it currently serves approximately 1,300 clients, a number consistent with previous years. Ms. Geiss noted that the program operates as a reimbursement-based service funded through General Revenue, typically generating more than \$450,000 annually. Ms. Birdsell clarified that income eligibility requirements apply to treatment services but not to diagnosis, and she described the program's cost-share structure, which allows many families to participate even if they do not initially meet income criteria.

Board members discussed the program's role as a safety-net service and inquired about partnerships with other safety-net entities, such as MetroHealth. Mr. Wang asked whether the program is reaching all eligible families and whether most participants have insurance. Ms. Birdsell acknowledged that there is room for growth and that additional outreach could broaden awareness of the program. She emphasized the program's reliance on social workers at the point of initial diagnosis.

Ms. Rajki highlighted the importance of ensuring that finance teams at partner organizations understand the availability of reimbursement, noting that operational decisions often influence physician engagement. Dr. Williams emphasized the value of partnerships with community organizations, including women's programs, churches, and shelters. Mr. Richards asked whether the program tracks referral pathways; Ms. Birdsell stated that it does not currently do so but could explore this in the future, noting that all cases ultimately require physician involvement. Dr. Hall raised concerns about potential barriers created by required forms and asked whether processes could be streamlined, particularly when diagnoses already appear in electronic medical records. Ms. Geiss noted that the Cleveland Clinic has contracted with a company to help reduce such barriers. Ms. Rajki observed that this demonstrates the presence of revenue opportunities within the program.

Health Commissioner's Report

Dr. Harris gave the Health Commissioner Report. Full Report attached.

Public and Staff Comments (three-minute maximum) – None

It was moved by Mr. Richards, seconded by Dr. Williams, that pursuant to Resolution 1993-43 and O.R.C. Sec 121.22 the Board Adjourn to Executive Session to discuss appointment, employment, promotion, discipline or compensation of a public employee, and to consider matters of collective bargaining.

The Secretary called the roll. Ayes: Dr. Hall, Mr. Wang, Dr. Williams, Mr. Richards, Ms. Rajki.

Executive Session began at 10:12 a.m.

Executive Session ended at 10:41 a.m.

Miscellaneous Business

Thereupon, it was moved by Dr. Hall, seconded by Dr. Williams, that the following Resolution 2026-036 be adopted:

BE IT RESOLVED to accept the resignation of Communicable Disease Investigator Dedonte Cheatham as of April 22, 2026. Ayes: All, Nays: None, motion carries.

Thereupon, it was moved by Mr. Richards, seconded by Dr. Williams, that the following Motion be adopted:

BE IT RESOLVED that the meeting be adjourned at 10:43 a.m. Ayes: All, Nays: None, motion carries.

SCHEDULE A
APPROPRIATION MEASURES

1. Budget Establishment(s):

None

2. Budget Revision(s):

- A. Budget revision for the 2025/2026 HIV Prevention grant to increase the budget by \$62,194.00 (ref. enclosed).

- p. Sarah Kevany, Registered Environmental Health Specialist (REHS), effective April 3, 2026.
8. Position Complement Revision(s):
- q. Public Health Nurse Program Manager – from 5 to 4 FTEs – effective April 22, 2026 (ref. enclosed).
 - r. Outreach & Linkage Liaison – from 3 to 5 FTEs – effective April 22, 2026 (ref. enclosed).

SCHEDULE D
EMPLOYEE TRAINING AND TRAVEL EXPENSES

Administration

- a. John Mills to PHI*Con/NACCCHO 360 Conference: July 12 – 18, 2026. Louisville, KY.
- b. Suzanne Hrusch to The Ohio Department of Public Safety - Charles D. Shipley Building: April 30, 2026. Columbus, OH 43223.

Environmental Public Health

- c. Jeff Hanchar to the Construction & Demolition Association of Ohio Certified Operator Training: March 23 – 25, 2026. Delaware, Ohio.
- d. Robert Brand to ODNR 2026 Ohio Nature-Based Shoreline Training: May 20, 2026. Vermilion, Ohio.

Epidemiology, Surveillance and Informatics

- e. Jana Rush, Daniella Saul, Monica Williams to Council of State and Territorial Epidemiologist (CSTE) Annual Conference: May 30 – June 5, 2026. Boston, MA.

Nursing & Clinical Services

Population Health

- f. Mollie Evans, Emily Landis to the 2026 OD2A Recipient Annual Meeting: June 14 – 18, 2026. Atlanta, GA.

*Professional education under ONA contract.

SCHEDULE E
CRC REPORT AND OTHER CONTRACTS

A. CRC Report

1. April 7, 2026 1st CRC Meeting (ref. enclosed):

No Exchange of Funds

CRC 2026-032 Population Health submitting a no cost extension addendum to the contract with Case Western Reserve University, Center for Community Health Integration (Resolution 2025-108 & CRC 2026-004) under the 2025/2027 Maternal and Infant Vitality grant to revise the end of the contract from February 28, 2026 to May 31, 2026.

CRC 2026-033 Environmental Public Health Services submitting a Memorandum of Understanding (MOU) with the City of East Cleveland to provide Phase II Stormwater services as part of the NEORSO Regional Stormwater Management Program (RSMP) from January 1, 2026, through December 31, 2030. No Exchange of Funds.

CRC 2026-034 Epidemiology, Surveillance and Informatics submitting an addendum to the DUA with Cleveland Clinic for the REDMAP project, adding additional variables that would be added to dataset that CCF sends to CCBH.

Contract Approvals and Authorizations

CRC 2026-035: Cleveland Clinic Foundation- amount to be paid not to exceed \$33,800.00.

CRC 2026-036: A.J. Boggs & IXN, Inc.- amount to be paid not to exceed \$43,309.00.

CRC 2026-037: Upward Spiral Coaching & Consulting LLC- amount to be paid not to exceed \$21,905.00.

CRC 2026-038: Urban One Cleveland- amount to be paid not to exceed \$9,485.00.

CRC 2026-039: Navigate Counseling and Consultation Services- amount to be paid not to exceed \$1,260.00.

B. Other Contracts

None

Infectious Disease (Communicable Disease, Respiratory, HIV/STI)

General Infectious Disease Overview for March of 2026

Key Highlights

- During March of 2026 the Cuyahoga County Board of Health (CCBH) received 365 cases of 20 reportable diseases. This represents:
 - a 24% increase in reported cases compared to March 2025 (Table 1.)
 - a 8% decrease in reported cases compared to the previous month (February 2026) (Figure 1.)
- The top 3 diseases by case volume were Respiratory Syncytial virus-associated hospitalization (95, 26%), Influenza-associated hospitalization (94, 26%), and COVID-19-associated hospitalizations (79, 6%)
- A total of 4 outbreaks were reported in March of 2026. All 4 were COVID-19 outbreaks reported in healthcare facilities comprised of 18 total cases (mean= 4.5 cases)

Other Significant Diseases and Trends

- Reports of Healthcare-Acquired Infections (HAIs) continue to rise. During March of 2026 (Table 1.):
 - 16 cases of Clinical Carbapenemase Producing Organisms (CPOs) were reported. This is 400% increase compared to the same month last year (n=4)
 - 6 cases of *C. auris* were reported. This is a 600% increase compared to the same month last year (n=1)
- Reports of chronic Hepatitis (B and C) continue to decrease/ remain stable. During March of 2026 (Table 1.):

- 14 case of Chronic Hepatitis C were reported. This is a 36% decrease compared to the same month last year (n=22)
- 9 cases of Chronic Hepatitis B were reported. This is a 33% increase compared to the same month last year

Figure 1.

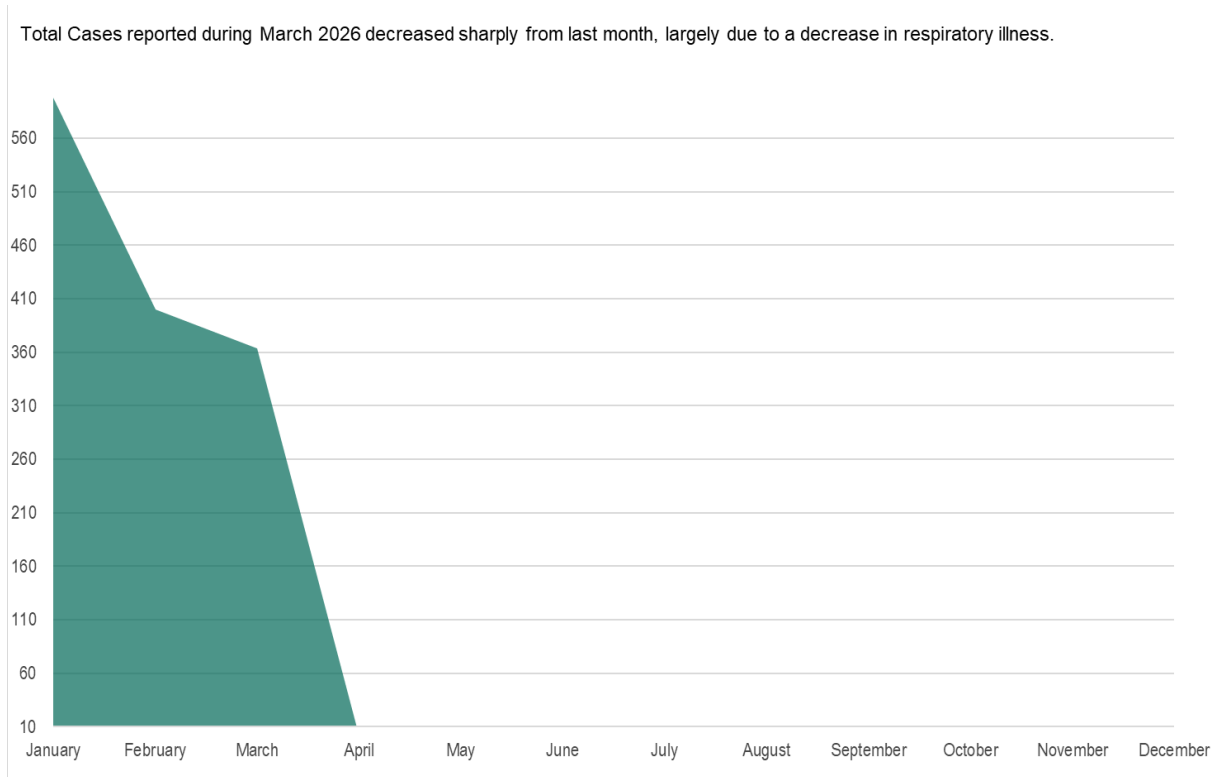

Table 1. Reportable Disease Case Counts: March 2026 vs March 2025

Disease	March 2026	March 2025	2026 Year To Date
Campylobacteriosis	6	17	31
<i>C. auris</i> , clinical ¹	6	1	14
Carbapenemase Producing Organisms, clinical ³	16	4	42
COVID-19-associated hospitalization ⁵	79	0	413
<i>E. coli</i> O157:H7 and other enterohemorrhagic	2	2	4
<i>Haemophilus influenzae</i> , invasive	5	2	11
Hepatitis B, chronic	9	6	25
Hepatitis C, chronic	14	22	39
Influenza-associated hospitalization	94	203	429
Legionellosis	3	2	10
Lyme disease	2	1	10
Pertussis	2	1	3
Respiratory Syncytial virus-associated hospitalization ⁶	95	0	235
Salmonellosis	8	5	17
Shigellosis	5	1	12
Streptococcal Disease, Group A, invasive	10	10	30
<i>Streptococcus pneumoniae</i> , invasive, non-resistant or unknown resistance	6	3	18
<i>Streptococcus pneumoniae</i> , invasive, resistant, or intermediate resistance	1	4	7
Varicella (chicken pox)	1	0	4
Yersiniosis	1	0	4
Total⁷	365	293	1,360

¹This represents clinical illness of *C. auris*. Colonization screenings are reported separately.

²This represents screenings of *C. auris* colonization.

³This represents clinical illness of CPO. Colonization screenings are reported separately.

⁴This represents screenings of CPO colonization.

⁵COVID-19 associated hospitalizations were made reportable on October 1, 2025, previously all cases of COVID-19 were reportable and were not included in this report

⁶RSV associated hospitalizations were made reportable on October 1, 2025, previously RSV cases were no reportable

⁷Diseases included on the table only reflect those reported during March of 2026. March 2025 and year to date totals reflect all disease reported including those not reflected on the table

Respiratory Illnesses

The respiratory illness surveillance dashboard has been updated for MMWR week 14 (April 5-11, 2026). Please visit <https://ccbh.net/respiratory-illness-surveillance-dashboard/> for the most current data and trends.

The Cuyahoga County Board of Health (CCBH) is actively monitoring respiratory illness trends as we enter the 2025–2026 respiratory season, which spans from September 28, 2025 through May 23, 2026. This period typically sees increased activity of respiratory viruses, including COVID-19, Influenza, and Respiratory Syncytial Virus (RSV). Through ongoing surveillance and data reporting, CCBH aims to support partners and stakeholders with timely, actionable insights to inform public health response and community preparedness.

Below are some key points for MMWR week 14 (April 5-11, 2026):

COVID-19

- COVID-19 activity is low in most areas of the country.
- COVID-19-associated hospitalizations remained stable. 2 hospitalizations were reported this week compared to 3 hospitalizations the previous week.
- There have been 1,160 COVID-19-associated hospitalizations this season. This translates to a case rate of 94.09 per 100,000 residents and is higher than the state rate of 71.64.
- 0 COVID-19 related deaths were reported this week in CCBH jurisdiction by the Ohio Department of Health Vital Statistics. There have been 11 COVID-19 related deaths this season.
- CCBH is investigating 35 COVID-19 outbreaks - 34 in congregate care settings and 1 in a healthcare-associated setting.
- Wastewater monitoring data suggest viral gene copy concentration levels were decreasing at NEORSD Easterly, Southerly, and Westerly WWTCs ([Ohio Wastewater Monitoring Data | DataOhio](#)).

Influenza

- Seasonal influenza activity continues to decrease in most areas of the country. Influenza A activity is low across all regions while trends in influenza B activity vary by region.
- 0 flu deaths were reported this week. There have been 23 flu deaths and no pediatric deaths this season.
- Influenza-associated hospitalizations (IAHs) decreased. 4 IAHs were reported this week compared to 10 the previous week. IAHs are considered ‘**low**’ this week.
- There have been 1,393 hospitalizations this season. This translates to a case rate of 112.98 per 100,000 residents and is higher than the state rate of 98.99.
- 1.5% of emergency department visits were for flu like symptoms. ED visits for fever/ILI were below the 5-year median and considered ‘**low**’ this week.
- CCBH is investigating 8 Influenza outbreaks – 6 in congregate care settings, 1 in a school, and 1 in an institutional setting.

- Wastewater monitoring data suggest viral gene copy concentration levels were low at NEORSD Easterly WWTC and not detected at NEORSD Southerly and Westerly WWTCs ([Ohio Wastewater Monitoring Data | DataOhio](#)).

RSV

- RSV activity started later than expected in most regions of the United States, though illness is not more severe compared with recent seasons. This unusual timing means that higher levels of RSV activity may continue into April in many regions. Emergency department visits and hospitalizations for RSV are highest among infants and children less than 4 years old.
- RSV-associated hospitalizations increased. 5 RSV-associated hospitalizations were reported this week compared to 2 hospitalizations the previous week.
- There have been 962 hospitalizations this season. This translates to a case rate of 78.03 per 100,000 residents and is higher than the state rate of 42.12.
- CCBH is investigating 4 RSV outbreaks – 3 in congregate care settings and 1 in a school.
- Wastewater monitoring data suggest viral gene copy concentration levels were low at NEORSD Easterly, Southerly, and Westerly WWTCs ([Ohio Wastewater Monitoring Data | DataOhio](#)).

New Releases (New Reports, Dashboards, Updates, etc.)

Annual Ohio Kindergarten Immunization Level Assessment

April 14th 2026 ODH published a new dashboard which shows basic vaccine coverage for kindergartens state wide going back to the 2017-2018 school year. Kindergarten are required to report overall vaccine information annually and this resource allows the public to directly access that data. Vaccine coverage is provided at the State, County and even individual school level. See below link to access the dashboard:

[Annual Ohio Kindergarten Immunization Level Assessment | DataOhio](#)

Overdose surveillance bulletin released

Data Analyst Kenya Moyers completed the 2025 Q4 Overdose Surveillance Bulletin for Cuyahoga County. The Q4 bulletin shows that drug overdose deaths, emergency department visits for suspected drug overdose, and naloxone distribution and administrations all decreased from Q3. Overdose Data to Action (OD2A) Component C work was also highlighted – data from this strategy indicate local efforts to connect people with opioid or stimulant use disorder to care are showing success, particularly MetroHealth’s Walk-in Motivation and Engagement Clinic and Expanded Access to MOUD program entry points. The bulletin is available online for review <https://ccbh.net/wp-content/uploads/2026/03/OD2A-2025-Q4-OD-Surveillance-Bulletin.pdf> and was distributed to OD2A program prevention partners on 4/15 at the OD2A All-Subgrantee meeting.

Overdose Data Dashboard updated

Data Analyst Svetlana Zelenskiy updated the Cuyahoga County Overdose Data Dashboard with 2025 Q4 data. The dashboard shows the same trends noted in our overdose surveillance bulletin but in greater detail and

interactive format. Preliminary overdose death totals for 2025 suggest a decline from 2024. Also it can be seen that for the first time in a decade cocaine surpassed fentanyl and the leading involved drug. The dashboard also includes police report data of suspected drug overdose incidents for the City of Cleveland, updated through 4/4. A total of 207 incidents occurred in Q4 2025 and 237 in Q1 2026. Explore all the newest data here:

<https://ccbh.net/overdose-data-dashboard/>

Infant mortality and pregnancy health report

Data Analyst Tatyana Khaled generated the Cuyahoga County Infant Mortality & Birth Outcomes Data Report for April 2026. Rolling data from April 2025 to March 2026 are included. The analyses showed that the current provisional infant mortality rate for the county is 7.34 per 1,000 live births, a decrease from last month's report (7.82). However, the Black-to-White disparity is currently at 4.39. Prematurity rates remain largely stable with 12.08% of births *preterm* and 2.10% *very preterm* overall. Additionally, measures of pregnancy health were added this month, for Cuyahoga County overall, by race, and select ZIP Codes. During the 12-month period of review 81% of births started prenatal care in the 1st trimester as desired and only 2% of mothers smoked any time during pregnancy, while 33% experienced a hypertensive disorder (pre-pregnancy or gestational hypertension) and 9% had birth spacing less than 12 months, risk factors for poor birth outcomes. Black non-Hispanic mothers showed the least favorable rates across measures, compared to other race/ethnicities. Among ZIP Codes studied, 44104 had the lowest early entry into prenatal care rate (63%), 44105 had the highest smoking rate (6%), and 44110 the highest rates of hypertensive disorders in pregnancy (49%) and inadequate birth pregnancy spacing (18%). These data will inform Partner for Change project efforts. Note the stats are preliminary, subject to change, and will continue to be monitored.

2023 Childhood Lead Exposure Data Brief

Epidemiologist Daniella Saul was author of this report. This report was finalized and disseminated to community partners in April. The report provides an overview of 2023 elevated blood lead level data in the Cuyahoga County jurisdiction, which includes data on demographics and risk factors for individuals having elevated blood lead levels (EBLL). Notable data points include:

- Prevalence of EBLL in Cuyahoga County jurisdiction has been decreasing since 2021. Among children under age 6 who were tested, about 4% had an EBLL
- Among children with an EBLL, most had a blood content between 3.5 and 4.0 ug/dL. Over 10% of these children had a blood lead level of 10 ug/dL or above.
- Most of the children with EBLL were 1-2 years of age at the time of testing.
- Outside of the City of Cleveland, over 85% of children in CCBH's jurisdiction with an EBLL live in the first ring suburbs.
- Among children with an EBLL, 52% identified as Black or African American, highlighting the racial disparity that exists within EBLL outcomes.

2020-2024 Hepatitis B and C Surveillance Report

Epidemiologist Jackie Napolitano was the author of this report. This report was finalized and disseminated to community partners in April. The report is a five-year overview of Hepatitis B and C (acute and chronic)

incidence in the Cuyahoga County, and includes demographics and risk factors from 2020-2024. Notable data points include:

- The five-year period saw 14 cases of acute Hepatitis B; 527 cases of chronic Hepatitis B.
- Persons who identified as Asian had the highest incidence rate of chronic Hepatitis B
- In the five-year period, there were 21 cases of acute Hepatitis C; 2,122 cases of chronic Hepatitis C
- Most of the acute hepatitis C cases that occurred in Cuyahoga County were the known result of receiving an organ transplant from a hepatitis C positive donor.

[2020-2024 Hepatitis B and C Surveillance Report | CCBH](#)

CY2025 Ryan White Part A Summary Brief

Epidemiologist Alisha Cassady was the author of this report. This report was finalized and disseminated to community partners in April. The report is a summary of 2025 HIV care continuum outcomes for clients utilizing the Ryan White Part A program. Key data points include:

- Overall care continuum outcomes: 88% linked to care, 75% retained in care, 98% antiretroviral use, 90% viral load suppression.
- MSM Clients: 86% linked to care, 74% retained in care, 98% antiretroviral use, 90% viral suppression
- Youth 13-24 Clients: 89% linked to care, retained in care, 93% antiretroviral use, 79% viral suppression
- Injection Drug Use Clients: 93% linked to care, 75% retained in care, 95% antiretroviral use, 85% viral suppression

External Engagement (Community events, Presentations/Conferences/Abstracts)

NACCHO abstracts accepted

The Data Analytics team had two abstracts accepted for presentation at the NACCHO conference this July. Data Analyst Sarah Szabo was invited to present an on-demand/digital session “Beyond the Road Map: Integrating sustainable brain health and healthy aging efforts into a local health department when resources are limited” at NACCHO360 and Supervisor Samantha Smith was invited to present a learning/sharing session “Data Modernization in Practice at a Local Health Department: Approaches and Lessons” at their PHI*con event, which focuses on public health informatics, surveillance, and IT.

Civic Data Meetup

Data Analyst Sarah Szabo delivered a Civic Data Meetup presentation for The City of Cleveland Office of Urban Analytics & Innovation on 3/27. Her session “Healthy Northeast Ohio: A Regional Data Platform Driving Community Health Action” offered an overview and live demonstration of healthyneo.org, and examples of how its data have been actioned, specifically its support of Community Health Needs Assessments

(CHNA) and Community Health Improvement Plans (CHIP). The event was well attended and the audience engaged. Branded giveaways were also provided attendees.

HOTF Data Subcommittee presentation

Data Analyst Kenya Moyers presented the 2025 Q4 Overdose Surveillance Bulletin to the USA-NDOH Heroin and Opioid Task Force Data Subcommittee on 4/2. She discussed the key overdose metrics included (fatal, nonfatal, etc.), which all showed decreases from Q3 to Q4. Local drug testing results were also reviewed, showing that fentanyl and medetomidine were the most common major drugs in tested syringes and cocaine and fentanyl were the most frequent drug seizure submissions from October-December 2025. We also were invited to continue presenting these bulletins quarterly.

Minority health event presentation

Data Analyst Svetlana Zelenskiy presented overdose data trends for Cuyahoga County and ZIP Codes 44109 and 44102 with staff from Cleveland Department of Public Health on 4/11 at “Rooted in Wellness: Community voices on substance use and well-being”, a local event coordinated by WellLink for Minority Health Month. The event focused on informing about local drug use and overdose trends and changes at the neighborhood level, offered C.R.A.F.T. training on how to help family and friends living with substance use, and provided opportunity to connect people to area resources. Members of the Hispanic/Latinx community attended as well as overdose prevention partners. Presentations/conversations were translated in English and Spanish.

Kratom overview

Data Analyst Svetlana Zelenskiy also presented an overview of kratom at the OD2A All-subgrantee meeting on 4/15. The overview discussed kratom’s alkaloids, effects, and currently available data. This presentation was responsive to OD2A prevention partner inquiries and concerns about kratom. Kratom is derived from leaves of the *Mitragyna speciosa* tree and has not been approved by the FDA for any medical use. Its two primary psychoactive compounds are Mitragynine and 7-hydroxymitragynine (7-OH). Recreational use in the US has surged recently with little regulation. Side effects and health risks are of public health concern, particularly related to synthetic productions. Per the CDC 1,314 deaths involving kratom occurred in the US in 2023 (compared to 866 in 2020), NFLIS data show at least 202 deaths in Ohio from 2019-2024, and the Cuyahoga County Medical Examiner Office has detected the presence of mitragynine in 23 decedent toxicologies, 12 of which were in 2024-2025. The 2025 Cleveland Health Survey showed 2.5% of respondents had used kratom, and concurrent use in past year with other opioids was common (62%). Other data sources indicate high availability and increasing kratom-related overdoses.

HIV Policy and Funding Collaboration

Epidemiologist Alisha Cassady is participating in bi-weekly Fast Track Cities (FTC) meetings hosted by the Cleveland Department of Public Health. These meetings convene regional HIV stakeholders to share updates on funding, Medicaid policy changes, and HIV-related policy and advocacy efforts, ensuring CCBH remains aligned with local and state priorities.

Violence Prevention Community Partnerships

Epidemiologist Daniella Saul is actively engaged in monthly meetings with the Northeast Ohio Gun Safety Coalition and the Euclid HOPE Violence Prevention Taskforce. These forums bring together community partners and stakeholders focused on violence prevention strategies and coordination across the region.

Ryan White Program

Epidemiologist Alisha Cassady will attend and present at the Ryan White Part A Full Planning Council meeting on April 15. This presentation supports regional planning efforts to improve HIV services, care coordination, and resource allocation for individuals living with HIV.

National Preparedness Conference Presentation

Epidemiologist Daniella Saul presented virtually at the NACCHO Preparedness Summit (April 13–16). Her session, “Streamlining the Cancer Cluster Investigation Process in the Digital Age,” highlighted CCBH’s investigation protocols, best practices for responding to community concerns, and the growing role of digital and social media in cancer cluster investigations. This presentation elevated CCBH’s work at a national public health forum.

Online Engagement (Social Media/ESI Webpage)

Social media related to data reports and presentations

Data Analytics team members Svetlana Zelenskiy, Kenya Moyers, Samantha Smith, and Alexis Ipsaro coordinated to promote the “Rooted in Wellness: Community voices on substance use and well-being” community event (including the registration link and flyer) and disseminate the new 2025 Q4 Overdose Surveillance Bulletin and updated dashboard data described above on CCBH social media.

Overdose Surveillance Quarterly Bulletin 2025 Q4

Overdose Data to Action Cuyahoga County, Ohio

Overdose data surveillance is intended to generate insight to drive more effective prevention and response activities by providing timely dissemination of drug overdose related trends.

Overdose Deaths ↓ 68.1%
Total Drug Related OD Deaths

Quarter	Overdose Deaths
2024 Q3	111
2024 Q4	84
2025 Q1	111
2025 Q2	70
2025 Q3	91
2025 Q4	29

*These data are preliminary and subject to change.

Emergency Room Visits ↓ 10.1%
Suspected Drug ODs in ERs

Quarter	Emergency Room Visits
2024 Q3	699
2024 Q4	646
2025 Q1	745
2025 Q2	639
2025 Q3	694
2025 Q4	604

Under-reporting may exist due to facilities temporarily out of surveillance.

Project DAWN ↓ 32.5%
Naloxone Kits Distributed

Quarter	Project DAWN Naloxone Kits Distributed
2024 Q3	18,305
2024 Q4	13,274
2025 Q1	8,928
2025 Q2	14,021
2025 Q3	15,848
2025 Q4	10,497

These data represent state registered Project DAWN programs distributing naloxone in Cuyahoga County. Kits administered to register as a Project DAWN program are not distributed nationwide in Ohio. Data is preliminary and subject to change.

EMS Naloxone ↓ 19.2%
Number of Naloxone Doses Administered

Quarter	EMS Naloxone Doses Administered
2024 Q3	492
2024 Q4	444
2025 Q1	302
2025 Q2	442
2025 Q3	492
2025 Q4	319

EMS Naloxone administrations are provided by agencies reporting to Ohio EMS.

Agency-Wide Initiatives

Enterprise System Updates

The standing monthly Informatics and Administration meeting was held on April 13 to review enterprise system requests. Approved changes will be implemented in the Enterprise system on Monday, April 20. These updates include the AFSCME Union bulletin board, new Time and Effort reports, and additional administrative system enhancements.

Cybersecurity Training MOU

A non-financial Memorandum of Understanding (MOU) related to cybersecurity training through the State of Ohio will be presented at the April 21 CRC meeting:

CRC 2026-040 Administration Services submitting a non-financial MOU between CCBH and the University of Cincinnati for cybersecurity training and related services.

Clear Impact Strategic Plan Updates

Quarterly Clear Impact Strategic Plan updates for FY26 Q1 have been completed, including the required narrative related to Measure 8.2.

Story Behind the Curve 

During this quarter (2026 Q1), a diverse cross-functional workgroup was established to lead the planning and development of community profiles aligned with Strategic Priority 8.2. The workgroup will meet ongoing to establish foundational work to define a consistent and user-friendly profile format, identify key indicators to be tracked across communities, and determine appropriate visuals and narrative elements to support data storytelling. Communications staff will be engaged to provide feedback and execution support as development progresses, ensuring alignment with organizational standards and effective dissemination.

Informatics Position Recruitment

Second-round interviews for the vacant Informatics position will begin the week of April 20. Four candidates have been identified.

Data requests

The Data Analytics team completed multiple community data requests over the last two months, including analyses of 2023 teen birth rates for Cuyahoga County, conducted by Tatyana Khaled, showing an overall teen birth rate of 14.72 per 1,000 for females aged 15-19 and 52.21 per 1,000 for females aged 20-24, with significant variation by race/ethnicity and ZIP Code. Also Alexis Ipsaro conducted analyses of sleep-related deaths from September 2023 – December 2024, showing an average of 1.7 sleep-related deaths per month, 30% occurring in ZIP Codes 44102, 44104, 44105, 44108, and 44128, and 0% in adherence with the ABCD's of safe sleep during this period.

April 2026 Health Commissioner's (HC) Report

Boards/External Committees:

- Participated in two bi-weekly meetings of the Village of Healing Black Men's Health Advisory Council.
- Attended Cleveland Peacemakers, Inc. Board of Directors meeting.

Select Meetings

- HC and Communications Team met with State Representative candidate Dionna Gore to provide an overview of CCBH services and explore potential advocacy opportunities.
- Participated in the Association of Ohio Health Commissioners' monthly all-member call.
- Held monthly coordination call with Martina Pace, Program Manager, UH Regional Community Health.
- Attended Black Child Development Institute Power-Building Fellows monthly meeting.
- Met with a representative from The Ohio State University Center for Public Health Practice to discuss challenges facing local health departments and potential support opportunities.
- HC and Dr. Andre Brown conducted a follow-up meeting with the Human Solidarity Project to explore additional leadership training for the CCBH Directors Team.

Conferences:

- Attended the NACCHO Preparedness Summit in Baltimore, MD (April 13–16, 2026).

Partnerships:

- HC and Dr. Robert Brand participated in a bi-weekly partnership call with The Ohio State University and the Northeast Ohio Black Health Coalition regarding the ongoing air quality monitoring project and related grant-seeking efforts.

Speaking:

- Served as guest alumni speaker for the University of Pittsburgh School of Public Health in recognition of National Public Health Week.
 - Related article: <https://www.publichealth.pitt.edu/news/alumnus-roderick-harris-returns-pitt-public-health-discuss-purpose-mentorship>
- Delivered an infectious disease update to Cuyahoga County DHHS leadership during the quarterly DHHS/CCBH/CDPH call.

Communications:

- Finalized the CCBH 2025 Annual Report, incorporating feedback from DAC meeting participants and follow-up conversations with select mayors. The report will be uploaded to the CCBH website by April 30, 2026.

Environmental Public Health (EPH)

- Completed larvicidal treatment at Bradley Woods to reduce mosquito populations in the North Olmsted/Westlake area.
- Sent 16 sanitarians to attend the Ohio Environmental Health Association Annual Conference.
- Continued coordinated efforts with the City of East Cleveland, Ohio EPA, and county partners to address waste accumulation at the city's service garage.
- Collaborated with the Ohio Attorney General's Office, Ohio EPA, and the City of Garfield Heights to revise the consent order for Baumann Enterprises, introducing incentives to increase the rate of residual screening material (RSM).

HEALTH COMMISSIONER'S REPORT

QUARTER 1 2026

Strategic Goal Areas & Key Updates

Access

- Nursing & Clinical Services secured new funding through Family Connects Ohio, a state program that will support CCBH's home visiting to become a universal home visiting model (Support to all families regardless of income).
- ESI leadership reviewed updated ADA Title II guidance requiring all state and local digital content to meet WCAG 2.1 Level AA by April 2026. This shifts accessibility to a proactive public-health obligation, requiring dashboards, briefs, reports, and emergency alerts to be accessible at publication. ESI will prioritize high-traffic and high-impact content, strengthen vendor accountability, and embed accessibility into data modernization to advance equity, transparency, and effective public health communication.
- ESI leadership met with team members Maurice Cole and Ladonne Montelione to review vaccine capacity, outreach, advocacy, materials, and partner networks. The review aims to strengthen ESI's vaccine education and response across the county. ESI is partnering with EDI to address hesitancy through culturally responsive messaging, stronger community partnerships, and data-informed outreach to ensure efforts are community-centered, equity-driven, and trust-focused.
- CCBH's Medical Director, Dr. Prakash Ganesh, is involved with the new implementation of Point-of-Care Syphilis Testing in the Cuyahoga County jail, in collaboration with MetroHealth.

Social Justice

- CCBH received Age-Friendly Public Health System recognition from Trust for America's Health. Data Analyst, Sarah Szabo, led the application—documenting an action plan adopting the 6Cs: creating policy change; connecting partners; coordinating support; collecting and using older-adult data; communicating public-health information; and complementing existing programs. The recognition affirms CCBH's commitment to making healthy aging a core public-health function.
- Director of EDI, Dr. Andre Brown, provided updates to the CCBH Board Diversity Committee re: CCBH's policy equity project, in addition to the EDI Council's strategic plan.
- CCBH's Communications team has teamed up with the County's Office of Violence Prevention (OVP) to provide family gun safety training around the

county, in addition to participating in the OVP listening tour events taking place throughout 2026.

Infrastructure

- At the January 2026 ESI all-Staff meeting, staff completed a Council of State and Territorial Epidemiologists' Applied Epidemiology Competencies–aligned self-assessment to evaluate capacity across program, administrative, supervisory, and leadership roles. Using a standardized *Unaware-to-Advanced* scale, the developmental exercise identified strengths and growth areas and was explicitly not a performance review. Results will guide individualized development plans and targeted training to support ESI's 2026 priorities in data modernization, analytics acceleration, visualization, interoperability, and response readiness.
- ESI's Informatics team launched the new Contract Management sub-system in the Enterprise platform, notified staff, and held two training sessions. It will support the Contracts Review Committee's and Board's approval of agenda items.
- ESI Online Data Request System Implementation: The new online request form on the ESI webpage streamlines data access with standardized review, tracking, and fulfillment processes.
- On March 17th, Admin and ESI team members met with Anna Sciarretti from the Ohio Cyber Range Institute to explore potential partnership opportunities, to strengthen cybersecurity planning and training. A Memorandum of Understanding is currently being developed to formalize collaboration.
- Director of Finance, Michael Pissini, has been working with County IT to develop custom Board reports to improve financial visibility and decision-making. Also, an automated, budget-linked purchase order system is being implemented with the County to strengthen spending controls, accountability, and efficiency, with staff training planned before a go-live date.
- A total of 13 members of the CCBH staff completed LEAN Six Sigma Training. All participants were certified as both Yellow Belts and Green Belts.

Staff & Community Engagement

- ESI hosted CCBH Data Days on 1/27/26 on brain health with the Alzheimer's Association. Data Analyst, Sarah Szabo, presented local brain health data, and Mary Schwartz presented *Brain Health 101* with prevention tips and recent research. There were 63 attendees from CCBH, local governments, schools, health departments, community organizations, and the public rated the session highly. The recording and materials are available at ccbh.net/data-days.
- The preparedness team launched a CCBH–HOSA Future Health Professionals partnership to engage and empower students in health leadership. HOSA is a global student-led organization focused on education, collaboration, and experiential leadership in health. The CCBH-led Medical Reserve Corps and the American Red Cross will provide emergency preparedness and public health education to students in the Berea School District.
- Matt Johnson and Suzanne Hrusch presented at the January 20th East Cleveland City Council meeting about CCBH services in the community and answered questions about the contract with CCBH to serve as their health authority.

- The Ending the HIV Epidemic team staffed outreach tables at two sold-out Cleveland Cavaliers games, engaging fans and distributing HIV self-test kits, condoms, educational materials, and program giveaways near the main gate/escalator to Loudville. The Cavs committed additional no-cost marketing spots as cancellations arise and already provided extra free airtime for the Love Lead Here commercial featuring CCBH’s Sonji Deal and Cavs host Ahmaad Crump.
- CCBH’s Medical Director, Dr. Prakash Ganesh, recently joined the National Association of County & City Health Officials’ Advisory Council for the Elimination of Tuberculosis (TB), which aims to shape TB policy and strategy.
- Data Analytics Supervisor, Samantha Smith, tabled at Parma Powers Library’s *Bingo for All* on 2/24/26, promoting healthy aging and brain health. She engaged older adults, people with developmental disabilities, and other patrons, shared ten brain-health tips and CCBH resources, and distributed giveaways (including brain stress balls, helmet-safety coloring books, and pedometers).
- Samantha Smith and Maurice Cole represented CCBH at the Live Well, Age Well Expo in Richmond Heights on 2/27, sharing dementia risk-reduction and early-detection information via signage and one-on-one discussions. Two handouts—the Alzheimer’s Association “10 Healthy Habits for Your Brain” and the U.S. POINTER Study Brain Health Recipe—were distributed and fully taken by attendees.
- In January 2026, the communications team led measles outbreak media engagement (Jan 6–13)—securing 14 radio/TV/print stories with Dr. Ganesh as the primary interviewee, and handling media releases, interviews, website updates, and social posts.
 - Ongoing Communications activities include: forming a CCBH-focused 501(c)(3); smoking-cessation messaging with EDI; community screening events with CWRU and partners; and supporting a Trinity High School intern. The team is also advancing a media partnership with Radio One, continuing flu/measles social messaging, using *Hootsuite* for managing social media, and updating website content.
- Community Health Needs Assessment: Completed prioritization with partner and community input and, with CCBH and CDPH leadership, selected five top priorities: Behavioral Health & Health Care Access; Housing & Community Conditions; Safety/Injury/Violence; Maternal, Infant & Child Health; and Chronic Disease. Subsequently, CCBH leadership and staff conducted a MAPP 2.0–guided power analyses for each of the five priorities, to map stakeholders and influence. This entailed identifying who has power over the issue, which partners are aligned, and who may oppose; assess each stakeholder’s influence, interests, and potential roles; and use that mapping to inform engagement and strategy. Cleveland Department of Public Health conducted a parallel process.

BOARD FINANCE COMMITTEE MEETING

MINUTES

DATE: APRIL 22, 2026

TIME: 10:48 a.m.

LOCATION: TEH CONFERENCE ROOM

Mr. Wang, Finance Committee Chair, called the meeting to order at 10:48 a.m.

1. Status Update on Finance Operations

Michael Pissini, Director of Finance, provided an update on Finance Operations. He reported progress in establishing greater structure and consistency within the department and noted improved collaboration with the County, which serves as CCBH's fiscal agent. Mr. Pissini is part of the development team for the County's new financial system, and he confirmed that CCBH is no longer operating on two accounting systems. Finance staff have conducted trainings with Service Areas to streamline reporting practices, including guidance on which reports to use and how to interpret them, particularly for Account Clerks.

Mr. Wang commented that more timely departmental reporting and updating grants monthly rather than quarterly should support better decision making and forecasting. Mr. Pissini also reported updates to payroll and timesheet processes, which are being closely monitored. He noted that staff training on MAC billing will begin soon, with the expectation that revenue from MAC billing will increase significantly in the coming years.

Joseph McRae, Chief Administrative Officer, stated that CCBH would like to provide additional layers of staff access to the Infor system, though current County restrictions limit this. He emphasized that communication between CCBH and the County has improved and that both sides are engaging in more meaningful dialogue. Mr. Pissini added that while working with various County departments to obtain needed functionality from Infor remains challenging, progress is being made, including the development of custom reports that simplify budget tracking and reporting. He noted that further improvements are still needed but that the team is making strong headway.

Dr. Harris recognized and thanked Mr. McRae for assuming responsibility for bill payment processes to ensure timely payments during this transition period. Mr. Richards observed that the organization's finances appear to be more controlled and that there is greater clarity regarding CCBH's fiscal position.

2. 2027 Budget Development Process Update

Mr. Wang, Chair of the Finance Committee, noted that the organization has historically projected year-end losses but has consistently avoided ending the fiscal year in deficit. He emphasized the goal of improving the accuracy and reliability of future budgeting.

Michael Pissini reported that the 2026 budget process is underway and that he intends to present the 2027 budget earlier than in previous years. He explained that he will be changing the budgeting approach by creating a standardized template for Service Areas to submit information, after which he will personally develop the salary and budget projections. He plans to meet individually with each Service Area to review and refine their budgets, followed by a collective meeting to review the full budget before it is presented to the Board.

Martha Halko, Director of Population Health, highlighted that one of the organization's ongoing challenges is the uncertainty surrounding grant funding. She stressed the importance of reaching consensus on how to plan for and manage these uncertainties within the budgeting process.

Board Member Mr. Richards stated that the organization must ensure it does not underserve the community and should therefore anticipate potential budget requests from the Service Areas.

Board Member Ms. Rajki asked how the budgeting process will align with the strategic planning process. Mr. McRae responded that both efforts will be carried out concurrently.

3. Status Update on 2024 and 2025 Audit Processes

Wedad Alhamwi, Deputy Director of Finance: We are finalizing the 2024 audit and already started on the 2025 audit. We are hopeful we will be back on track and in compliance going forward. The 2025 audit is the first audit that has been filed on time for the first time in many years.

Didn't follow the new roles. Comment about FAFTA where certain expenditure was in excess of \$25,000 needed to be reported in a certain way. Need to submit and action plan.

Next up is the exit conference for the 2024 audit, and the entrance conference for the 2025 audit. Hoping to schedule these during an upcoming Board meeting date.

4. Update on Finance System:

Michael Pissini reported that he has been working with the County to gain access to its purchase order system. He currently has access in a test environment and is preparing to implement an automated purchase order module. He explained that the system includes an automated workflow and is directly connected to the organization's budgets. If sufficient funds are not available, the system will automatically prevent the purchase order from being processed.

5. Other

The Board continued its discussion from the recent presentation on the Complex Medical Help (CMH) program and emphasized broader considerations that apply to CMH and similar service programs. Members noted that the central issue is determining how these programs can be sustainably funded. They discussed the importance of clearly communicating to mayors and city leaders the value of investing in these services, particularly if federal funding decreases in the future. The Board also observed that some residents relocate to communities where programs like CMH are more accessible, while others with greater resources can independently obtain the services they need. Members stressed the importance of ensuring that under-resourced residents—who cannot easily relocate—have access to the services necessary to meet their needs within the community.

The Board also discussed how the County manages interest earned on the organization's cash balance and sought clarification on whether that interest is returned to the organization. Michael Pissini, Director of Finance, is reviewing whether the interest income is available to the organization. Board members expressed the view that the organization is entitled to receive the interest generated from its funds and requested that this be formally explored with the County.

During the discussion, Ms. Alhamwi noted that the organization receives an annual disbursement of approximately \$380,000 for building operations. She explained that this payment reflects the County's cost savings from locating the building in Parma rather than downtown Cleveland, and she stated that it is unclear whether this disbursement was intended to offset or replace any interest earned on the organization's cash balance.

Meeting was adjourned at 11:27am.

CUYAHOGA COUNTY
BOARD OF HEALTH
YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

Resolution No. 2026-036

AUTHORIZE THE HEALTH COMMISSIONER TO ACCEPT THE 2026/2027 COMMUNITY AND FAITH BASED INFANT AND MATERNAL HEALTH SUPPORT SERVICES GRANT FUNDING FROM FIRST YEAR CLEVELAND FROM APRIL 1, 2026 THROUGH JUNE 30, 2027 IN AN AMOUNT NOT TO EXCEED \$57,500.00.

WHEREAS, the Cuyahoga County Board of Health (CCBH) strives to reduce infant mortality in the communities it serves;

WHEREAS, The State of Ohio is partnering with nonprofits to implement and advance the Partner for Change grant program, to improve birth outcomes and reduce infant mortality rates;

WHEREAS, Case Western Reserve University (Case) has been awarded grant and desires to partner with local agencies, including CCBH, to further the grant objectives;

WHEREAS, CCBH and Case have mutually agreed to enter into a contract for these services.

NOW THEREFORE BE IT RESOLVED by the Board of the Cuyahoga County Board of Health, Ohio:

SECTION 1 This Board authorizes the Health Commissioner to enter and execute a contract and related additional document(s) under the 2026 Partner For Change Initiative with Case Western Reserve University to receive an amount of \$57,500 for the services described above.

SECTION 2 The Health Commissioner (or designee) is authorized to approve any and all vouchers arising out of the performance of the agreement(s) entered into under this Resolution.

SECTION 3 This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Resolution No. 2026-037

A RESOLUTION TO AUTHORIZE THE HEALTH COMMISSIONER TO ENTER INTO AND EXECUTE CONTRACTS WITH THE FOLLOWING AGENCIES UNDER THE 2026/2027 ENDING THE HIV EPIDEMIC- CARE GRANT FROM MARCH 1, 2026 THROUGH FEBRUARY 28, 2027:

	Amount Not to Exceed
Cleveland Clinic Foundation	\$ 69,874.00
University Hospitals Cleveland Medical Center	\$ 55,500.00

WHEREAS, the Cuyahoga County Board of Health (CCBH) has been awarded funding from the Ohio Department of Health (ODH) to administer the Ending HIV Epidemic grant, CFDA #93.940 and to serve as the Grantor under the grant, and

WHEREAS, CCBH has identified the above agency as community partner agency to receive funds for program and service delivery under the Ending HIV Epidemic grant as outlined within the terms of their contract with CCBH, and

WHEREAS, it is necessary to contract with this agency to provide funding for their services.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County Board of Health, Ohio:

SECTION 1. That the Board hereby approves and authorizes the Health Commissioner to enter into and execute a contract in substantially the same form that is on file in the Office of the Secretary to the Board with the following agency under the Ending HIV Epidemic grant from March 1, 2026 through February 28, 2027:

<u>Entity</u>	<u>Designation</u>	<u>Amount</u>
Cleveland Clinic Foundation	Subrecipient	\$ 67,874.00
University Hospitals Cleveland Medical Center	Subrecipient	\$ 55,500.00

SECTION 2. The approval and authorization provided under Section 1 is conditional upon the availability of the federal, state, or local grant funds that are appropriated or allocated for payment to CCBH. If funds are not allocated or otherwise available for the continuance of the functions performed by CCBH, the Health Commissioner is authorized to terminate such contracts. The Board is not obligated or liable for any future payments due or for any damages as a result of termination due to unavailability of grant funds.

SECTION 3. This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Resolution No. 2026-039

A RESOLUTION TO AUTHORIZE THE HEALTH COMMISSIONER TO ACCEPT THE 2026/2027 REPRODUCTIVE HEALTH AND WELLNESS GRANT FUNDING FROM THE OHIO DEPARTMENT OF HEALTH FROM APRIL 1, 2026 THROUGH MARCH 31, 2027 IN THE AMOUNT NOT TO EXCEED \$141,000.00.

WHEREAS, the Cleveland Department of Public Health (CDPH) is funded by the Ohio Department of Health (ODH) to administer the Title X Reproductive Health Program, CFDA #93.994 and CFDA #93.217, within Cuyahoga County and

WHEREAS, the CDPH requested a program budget from the Cuyahoga County Board of Health (CCBH) to provide Reproductive Health program services within Cuyahoga County as a subrecipient of these funds, and

WHEREAS, CCBH submitted a program budget to CDPH to provide Reproductive Health program services within Cuyahoga County from April 1, 2026 through March 31, 2027 and

WHEREAS, CCBH has received a contract in the amount of \$141,000.00 from CDPH to provide Reproductive Health grant program services within Cuyahoga County from April 1, 2026 through March 31, 2027, and

WHEREAS, This Board is required to and desires to execute this contract from CDPH in order to provide Reproductive Health program services for the public benefit within Cuyahoga County.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County Board of Health, Ohio:

SECTION 1. That the Board hereby approves and authorizes the Health Commissioner to enter and execute a contract to accept the grant funding in the amount of \$141,000.00 to provide Reproductive Health grant services from April 1, 2026 through March 31, 2027.

SECTION 2. The approval and authorization provided under Section 1 is conditional upon the availability of the federal, state, or local grant funds that are appropriated or allocated for payment to CCBH. b. The Ohio Department of Health " Grants Administration Policy and Procedures".			
d. The notice of award agreement including terms and conditions, if any, noted below in Section 12, Remarks.			
e. Awardee understands and agrees that it must follow the federal cost principle that applies to its type of organization (2 CFR, Part 225; 2 CFR, Part 220; or, 2 CFR, Part 230).			
f. Budgeted costs are reasonable, allowable and allocable under OGAPP and federal rules and regulations.			
g. Awardee understands and agrees that costs may be disallowed if deemed unallowable or in violation of			

OGAPP and federal rules and regulations.

h. The appropriate programmatic and administrative personnel involved in this application are aware of agency policy in regard to subawards and are prepared to establish the necessary inter-institutional agreements consistent with those policies.

i. Subrecipient agrees and understands that costs incurred in the fulfillment of the Deliverables must be allowable under OGAPP and federal rules and regulations to qualify for reimbursement.

12. Remarks: Other terms and conditions attached.

GRANT AWARD IS CONTINGENT UPON THE AVAILABILITY OF FUNDS. In compliance with ODH Grants Administration Policy, payments are based on actual expenditures and a cost reimbursement basis. Your initial payment will be issued upon submission of an expenditure report. When payment is issued, specific information will be viewable through your GMIS account's Payment link. A Special Conditions link is available for viewing and responding to special conditions within GMIS. The 30-day time period, in which the subrecipient must respond to special conditions will begin when the link is viewable. Subsequent payments will be withheld until satisfactory responses to the special conditions or a plan describing how those special conditions will be satisfied is submitted in GMIS.

ODH hereby awards to subrecipient named in section 6 above, funds as specified in section 8 above, subject to and in consideration of the subrecipient compliance with the terms and conditions set forth in section 9, 10, 11, and 12 above. This award is subject to the availability of federal or state funds (whichever is applicable). ODH may terminate this grant in writing at any time prior to the end of the budget period as stated in section 7 above. This Award, signed by the Director of the Department of Health, is effective for the Budget Period dates in section 7 above. Acceptance of the grant items and conditions is acknowledged by the subrecipient upon receipt and expenditure of funds through the grant system.

Bruce Vanderhoff, MD, MBA

DIRECTOR OF HEALTH

CUYAHOGA COUNTY BOARD OF HEALTH

PROGRAM SUMMARY

A grant program summary is a concise and comprehensive overview of a grant program or project. It serves as a brief yet informative document that outlines the essential details of the program, making it easier for potential funders, stakeholders, or decision-makers to quickly grasp its purpose, goals, and significance.

A well-crafted grant program summary should be concise and engaging, providing a clear snapshot of the program's purpose and potential impact. It serves as a valuable tool when seeking funding or when communicating the program's value to various stakeholders.

1. **Program Title:** The name of the program, which should be descriptive and indicative of its focus.
2. **Program Objectives:** Clear and specific statements about what the program aims to achieve. These objectives should be in line with the program's mission and goals.
3. **Target Audience/Community Impact:** Information about the intended beneficiaries or recipients of the program's services or outcomes.
4. **Program Description:** A brief narrative describing the program, its activities, and its approach to achieving its objectives.
5. **Duration:** The expected timeframe for the program, including start and end dates or any relevant milestones.
6. **Budget Summary:** A high-level overview of the program's budget, including the total funding and how it will be allocated across different components.
7. **Expected Impact:** A summary of the anticipated outcomes and benefits that will result from the program, including expected # people reached per outcome in a specific timeframe.
8. **Alignment with Funder's Priorities:** An explanation of how the program aligns with the mission, goals, and priorities of the grantor or funding organization.
9. **Alignment with CCBH's Priorities:** An explanation of how the program aligns with the mission, goals, and priorities of the Cuyahoga County Board of Health.
10. **Key Partnerships:** Information about any collaborations or partnerships that will contribute to the program's success.

Resolution No. 2026-040

A RESOLUTION TO AUTHORIZE THE DIRECTOR OF FINANCE TO DISPOSE OF EXCESS AND/OR SURPLUS ASSETS.

WHEREAS, from time-to-time, this agency accumulates excess and/or surplus assets and supplies that are of no further use to the agency or the value of which is determined by the Director of Finance to be of de minimis value, and

WHEREAS, the Director of Finance has identified and created a list of excess and/or surplus assets and/or supplies which is shown in Exhibit A, attached hereto and incorporated herein by reference, and

WHEREAS, based on the determination of the Director of Finance that the assets and/or supplies have little or no value to this agency, this Board is authorizing the Director of Finance to dispose of the assets and/or supplies.

NOW THEREFORE BE IT RESOLVED by the Board of the Cuyahoga County Board of Health, Ohio

SECTION 1. The Board hereby approves and determines that the assets and/or supplies listed in Exhibit A attached hereto and incorporated herein by reference are of little or no value to this agency. Further, this Board authorizes the disposal of the excess and/or surplus assets shown in Exhibit A in accordance with Ohio Revised Code Section 125.13 and/or Ohio Administrative Code Section 123:2-01.

SECTION 2. This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

CUYAHOGA COUNTY
BOARD OF HEALTH
YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

Resolution No. 2026-041

A RESOLUTION TO GRANT A VARIANCE FROM OHIO ADMINISTRATIVE CODE SECTION 3701-29-12 (P)(2) FOR THE SEWAGE TREATMENT SYSTEM SERVICING THE RESIDENCE AT 3195 ROUNDWOOD ROAD, HUNTING VALLEY, OHIO (PPN# 882-15-001)

WHEREAS: The Cuyahoga County Board of Health is committed to improving the water quality in Cuyahoga County and protecting the health of the residents within its jurisdiction, and

WHEREAS: Section 3709.21 of the Ohio Revised Code allows boards of health to make orders and regulations that are necessary for its own government and for public health, and

WHEREAS: Section 3701-29-22 (A) of the Ohio Administrative Code allows a board of health to grant a variance that is not contrary to the public interest, where a person shows that because of practical difficulties or other special conditions their strict application will cause unusual and unnecessary hardship, and

WHEREAS: Section 3701-29-12 (P)(2) of the Ohio Administrative Code states in part that a building sewer shall be of Schedule 40 or SDR 21 construction or greater, and

WHEREAS: Due to extenuating circumstances, North Coast Community Homes, Inc., the property owners of 3195 Roundwood Road, Hunting Valley, Ohio, has submitted an application for a variance and has proposed utilizing a section of existing six (6) inch SDR 35 pipe which is approximately sixty-five (65) feet in length and is located at an unworkable depth, and

WHEREAS: The contractor completed a camera inspection of the existing PVC sewer line and determined that the integrity of the line was intact and acceptable for continued use, and

WHEREAS: Based on the above information, CCBH staff does not oppose the variance request.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County District Board of Health, Ohio:

SECTION 1 That the statements set forth above in the preamble are hereby adopted herein by reference. The application submitted by North Coast Community Homes, Inc, the property owners of 3195 Roundwood Road, Hunting Valley, Ohio, for a variance from the application of Ohio Administrative Code Section 3701-29-12 (P)(2) as it relates to replacement of the building sewer servicing the residence is not contrary to the public interest and is hereby granted.

SECTION 2 This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

To Whom It May Concern,

The 6-inch SDR pipe located beneath the patio at 3195 Roundwood Road, as shown in the drawing, was inspected using a camera snake on 2/25/2026. All portions of the 6-inch SDR pipe were found to be in good working condition.

Waiver and Release of Liability

Please read this form carefully. Your signature indicates that you fully understand that you will be waiving and releasing all claims for damages you might sustain arising out the requested variance:

In consideration of our application for a variance pursuant to Ohio Administrative Code (OAC) Section 3701-29-22, we forever release and covenant not to sue the Cuyahoga County Board of Health, its agents, employees, or officers (collectively, the "Board") from any and all present and future claims for personal injury or property damages arising out of, or related to, a variance being granted by the Board permitting us to continue to use the remaining section of existing building sewer located under a patio without replacement as required by Ohio law at 3195 Roundwood Road, Hunting Valley, Ohio (permanent parcel number 882-15-001) contrary to the requirements of OAC 3701-29-12(P)(2).

We voluntarily assume all risks, known and unknown, associated with the variance and waive any and all claims resulting from negligence or otherwise, both present and future, that may be made by us, our families, estates, executors, administrators, heirs, invitees, licensees, attorneys, or assigns.

We are voluntarily requesting this variance with the knowledge of the potential future failure of the building sewer and agree to accept all inherent risks of property damage, loss of enjoyment, personal injury, or death.

We further agree to indemnify and hold harmless the Board for any and all third-party claims arising as a result of our request for the variance and the granting of the variance by the Board.

We understand that this waiver is intended to be as broad and inclusive as permitted by the laws of the State of Ohio, and agree that if any portion is held invalid, the remainder of the waiver will continue to be in full legal force and effect. No promise, inducement, or guarantee has been made to us regarding the condition of the property subject to the variance, and this waiver supersedes any other understandings between us and the Board, verbal or written.

We also agree that an Affidavit of Facts relating to Title may be filed and recorded by the Board giving notice to the world of the use of the existing building sewer to install a new HSTS and the granting of this variance.

STATE OF OHIO) PERMANENT PARCEL NO. 882-15-001
) ss:
COUNTY OF CUYAHOGA)

**AFFIDAVIT OF THE CUYAHOGA COUNTY BOARD OF HEALTH FOR
GRANTING OF A VARIANCE FROM THE REQUIREMENT TO REPLACE
AN EXISTING BUILDING SEWER WHEN REPLACING A HOUSEHOLD
SEWAGE TREATMENT SYSTEM PURSUANT TO ITS AUTHORITY UNDER
CHAPTER 3718 OF THE OHIO REVISED CODE**

NOW COMES Heather Grisez, being first duly sworn ("Affiant"), for and on behalf of the Cuyahoga County Board of Health ("CCBH"), who declares that:

1. I have personal knowledge of the facts set forth below and make this affidavit of facts in my official capacity as a registered environmental health specialist for the Cuyahoga County Board of Health (CCBH).
2. CCBH is a separate political subdivision of the State of Ohio and is a statutory, general health district having been organized pursuant to the requirements of the Ohio Revised Code, Chapters 3701, 3707 and 3709 respectively, and having jurisdiction and authority over the Village of Hunting Valley, Cuyahoga County, Ohio.
3. This Affidavit of Facts concerns real property at 3195 Roundwood Road, Hunting Valley, Ohio 44022 with Permanent Parcel Number 882-15-001. The legal description appears in Exhibit A attached hereto and incorporated herein by reference. The owners of record for this property are Christopher Joseph and Maggie Litzler, according to the Cuyahoga County Property Records in the Office of the Cuyahoga County Fiscal Officer.
4. Pursuant to ORC 3701.56, the Cuyahoga County Board of Health (CCBH) is the public agency duly authorized to enforce sanitary rules and regulations adopted by the Ohio Department of Health.

5. Pursuant to ORC 3707.01, CCBH is authorized to abate public nuisances within its jurisdiction.
6. ORC Section 3718.02 states:
 - (A) The director of health, in accordance with Chapter 119. of the Revised Code, shall adopt, and subsequently may amend and rescind, rules of general application throughout the state to administer this chapter.
7. OAC 3701-29-06 states as follows:
 - (A) The siting, design, installation, alteration, operation, monitoring, maintenance, repair, and abandonment of a STS or GWRS shall comply with this chapter.
 - (B) A STS or GWRS, as applicable, shall not be installed, altered, or operated without an approved permit from the board of health.
 - (1) A board of health shall not permit or otherwise authorize the use of a STS or GWRS that would violate the conditions of these rules or is not in compliance with paragraph (C) of rule 3701-29-02 of the Administrative Code.
 - (2) The STS or GWRS owner is responsible for ensuring that a STS or GWRS is maintained in proper working condition.
 - (3) The STS or GWRS owner shall comply with the conditions specified in an installation, alteration, and/or operation permit issued by the board of health, including, but not limited to requirements for securing a service contract and other maintenance requirements.
8. The property is served by a household sewage treatment system (STS), commonly referred to as a “septic system” which, according to the records of CCBH was initially constructed and installed in 1975.
9. The property owners submitted plans for the installation of a new sewage treatment system and an application for a variance from enforcement of the requirement pursuant to OAC 3701-29-12 (P)(2) that the existing building sewer must be replaced.
10. At the May 27, 2026 regular meeting of the Board of Health, the application for variance was considered and granted permitting the owner to continue to utilize the existing 25 foot section of 6” SDR 35 pipe building sewer located beneath the patio area.
11. This affidavit shall serve as constructive notice to all potential future purchasers, encumbrancers and transferees of the granting of a variance from enforcement of the duty to replace the entire existing building sewer pursuant to OAC 3701-29-12.
12. Affiant further declares that nothing in this Affidavit shall be construed as a waiver by CCBH or the Affiant on behalf of CCBH, nor does CCBH intend to waive, any of its rights, duties or obligations under Chapters 3701, 3707, 3709, and 3718.

FURTHER AFFIANT SAYETH NAUGHT.

YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

Resolution No. 2026-042

A RESOLUTION TO GRANT A VARIANCE FROM OHIO ADMINISTRATIVE CODE SECTION 3701-29-12 (P)(2) FOR THE SEWAGE TREATMENT SYSTEM SERVICING THE RESIDENCE AT 35320 CHAGRIN FALLS BLVD., MORELAND HILLS, OHIO (PPN# 912-11-004)

WHEREAS: The Cuyahoga County Board of Health is committed to improving the water quality in Cuyahoga County and protecting the health of the residents within its jurisdiction, and

WHEREAS: Section 3709.21 of the Ohio Revised Code allows boards of health to make orders and regulations that are necessary for its own government and for public health, and

WHEREAS: Section 3701-29-22 (A) of the Ohio Administrative Code allows a board of health to grant a variance that is not contrary to the public interest, where a person shows that because of practical difficulties or other special conditions their strict application will cause unusual and unnecessary hardship, and

WHEREAS: Section 3701-29-12 (P)(2) of the Ohio Administrative Code states in part that a building sewer shall be of Schedule 40 or SDR 21 construction or greater, and

WHEREAS: Due to extenuating circumstances, the property owners of 35320 Chagrin Falls Blvd., Moreland Hills, Ohio, have submitted an application for a variance and have proposed utilizing a section of existing four (4) inch SDR 35 pipe, which is approximately twelve (12) feet in length and is located under a concrete patio, and

WHEREAS: The contractor completed a camera inspection of the existing PVC sewer line and determined that the integrity of the line was intact and acceptable for continued use, and

WHEREAS: Based on the above information, CCBH staff does not oppose the variance request.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County District Board of Health, Ohio:

SECTION 1 That the statements set forth above in the preamble are hereby adopted herein by reference. The application submitted by the property owners of 35320 Chagrin Falls Blvd., Moreland Hills, Ohio, for a variance from the application of Ohio Administrative Code Section 3701-29-12 (P)(2) as it relates to replacement of the building sewer servicing the residence is not contrary to the public interest and is hereby granted.

SECTION 2 This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

May 5, 2026

To whom it may concern:

In Reference to:
Slocum Residence
35320 Chagrin Falls Blvd.

Auburn Bainbridge Excavating was contracted to replace the septic system and the above referenced address. During the installation, we found that the sewer pipe exiting the home went under a concrete slab patio and deck. After consulting with the homeowner, they requested not to remove the concrete as it is in very good condition with no visible joint leaks or deterioration. The length of the pipe going under the concrete is 25 total feet and is 6" clay which converts over to our newly installed 4-inch schedule 40 PVC. Auburn Bainbridge and Mr. Slocum ask for this variance to leave the existing pipe in place as it is in very good condition.

Thank you,
Mason Daugherty

WHEREAS: The Cuyahoga County Board of Health is committed to improving the water quality in Cuyahoga County and protecting the health of the residents within its jurisdiction, and

WHEREAS: Section 3709.21 of the Ohio Revised Code allows boards of health to make orders and regulations that are necessary for its own government and for public health, and

WHEREAS: Section 3701-29-22 (A) of the Ohio Administrative Code allows a board of health to grant a variance that is not contrary to the public interest, where a person shows that because of practical difficulties or other special conditions their strict application will cause unusual and unnecessary hardship, and

WHEREAS: Section 3701-29-12 (P)(2) of the Ohio Administrative Code states in part that a building sewer shall be of Schedule 40 or SDR 21 construction or greater, and

WHEREAS: Due to extenuating circumstances, the property owners of 7360 Daisy's Wood Lane, Gates Mills, Ohio, have submitted an application for a variance and have proposed utilizing a section of existing four (4) inch SDR 35 pipe, which is approximately twelve (12) feet in length and is located under a concrete patio, and

WHEREAS: The contractor completed a camera inspection of the existing PVC sewer line and determined that the integrity of the line was intact and acceptable for continued use, and

WHEREAS: Based on the above information, CCBH staff does not oppose the variance request.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County District Board of Health, Ohio:

SECTION 1 That the statements set forth above in the preamble are hereby adopted herein by reference. The application submitted by the property owners of 7360 Daisy's Wood Lane, Gates Mills, Ohio, for a variance from the application of Ohio Administrative Code Section 3701-29-12 (P)(2) as it relates to replacement of the building sewer servicing the residence is not contrary to the public interest and is hereby granted.

SECTION 2 This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

CUYAHOGA COUNTY

BOARD OF HEALTH

YOUR TRUSTED SOURCE FOR PUBLIC HEALTH INFORMATION

Resolution No. 2026-028

A RESOLUTION TO AMEND THE CUYAHOGA COUNTY BOARD OF HEALTH PROVIDER FEES FOR CLINICAL SERVICES EFFECTIVE, JUNE 1, 2026.

WHEREAS, Section 3709.21 of the Ohio Revised Code allows a Board of Health to make orders and regulations that are necessary for its own government and for public health, and

WHEREAS, Ohio Revised Code Section 3707.27 authorizes a Board of Health to charge reasonable fees for vaccinations provided to its patients, and

WHEREAS, there are additional services and vaccines that the Clinic desires to offer to members of the public that are not on the current fee schedule; and

WHEREAS, the Board has determined that the provider fees charged for services provided through the Board of Health Clinic are inadequate compared to the market for said services, and

WHEREAS, the Board desires to revise the schedule of fees to allow for the additional services to be added and to adjust the fees associated therewith to be in accordance with current pricing in the area.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County Board of Health, Ohio:

SECTION 1 That the 2026 CCBH Clinic Fee Schedule be updated to reflect the additional services and adjusted rates, a copy of which is attached hereto as Exhibit A and incorporated herein fully by reference, to be effective June 1, 2026.

SECTION 2 Pursuant to the authority granted by ORC 3709.21, this Resolution is declared to be an emergency measure necessary to provide for the immediate preservation of the public peace, health, safety and welfare of the inhabitants of the jurisdiction of the Cuyahoga County Board of Health, and provided it receives the affirmative vote of two-third (2/3) of all members appointed to the Board, it shall take effect and be in force from and after the earliest period allowed by law.

SECTION 3. This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Resolution No. 2026-044

A RESOLUTION APPROVING THE CONSENT AGENDA FOR THE May 27, 2026 MEETING OF THE CUYAHOGA COUNTY BOARD OF HEALTH.

WHEREAS, the Board has adopted a Consent Agenda Policy to allow for routine business matters to be approved in an efficient and timely manner, and

WHEREAS, the following Schedules make up the Consent Agenda that was provided to the Board electronically for review prior to the Board Meeting, and

- Schedule A Appropriation Measures
- Schedule B Cash Transfers
- Schedule C Routine Personnel Actions
- Schedule D Employee Training and Travel Expenses
- Schedule E CRC Report and Other Contracts

WHEREAS, the Board Members had the opportunity to review the materials and desire to approve each of the items contained therein.

NOW THEREFORE BE IT RESOLVED by the BOARD of the Cuyahoga County Board of Health, Ohio:

SECTION 1. That the Board hereby approves the consent agenda complete with each referenced schedule as written and presented.

SECTION 2. This Board finds and determines that all formal actions of this Board concerning and relating to the passage of this Resolution were adopted in an orderly meeting of this Board, and that all deliberations of this Board that resulted in such formal action were conducted in meetings open to the public and in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.
